PRESIDENT'S MESSAGE

So what are presidents supposed to talk about for a whole year? Weather is fine, the chapter is moving along as usual. Golf tournament was great. Last dinner meeting was an informative session on Commercial Kitchen Ventilation. Our first chapter directory is still in the works. Liz Liggins expects to have a draft presented very soon. For all you who have changed phone numbers, companies, emails or the like since this project got started last year, you may want to make sure we have your latest information so it gets printed right. Hope to see you all at the next meeting. Remember, we have a new location this year and advanced reservations are more important now. Sam Seltzers requests confirmations the friday before the meetings and trying to guess a turnout each month is challenging with our group, we are averaging about 254% attendance verses registrations. In case you noticed that our chapter's website is out of date, we are currently completely rebuilding the site with the hopes of the new website having more features for your use. Target date for the new site is this March. That's all folks!

Guy Van Meulebrouck PE, President SWFL ASHRAE Chapter

This Month's Topic: Hockey

Presented By: Florida Everblades vs. South Carolina Stingrays

This months meeting is a Hockey game. No official chapter business will be discussed, only a good time to be had by the members and their family members as we approach the holiday season. So come on out and enjoy an evening in a cool environment. This may be as cool as it gets for awhile down here. The games are always exciting.

ASHRAE Standards Policy Changing

Florida West Coast Chapter- ASHRAE in Buenos Aires, Argentina

Director-at-Large Ross D. Montgomery, P.E. is shown above addressing the inaugural Section meeting in Buenos Aires Argentina. The Florida West Coast (Tampa) chapter is sponsoring this new Section of ASHRAE in an effort to bring our great ASHRAE benefits to all of our members around the world. Chapter President Ted S. Hansen, and DRC Region 12 Rob Risley signed the orders in October 2004, and sent Ross down to Argentina to set up the Section with Roberto Aguilo as its new Section President. The meeting went well with 21 existing and 6 prospective new members coming to the meetings held November 19&22, 2004. The FWC chapter, with 416 members, is looking to increase its service to the Society through great leadership and generosity by example.

Roberto Aguilo talking to potential Officers and future leaders of the chapter.

Membership Declining

Last month Region XII RVC (Regional Vice Chair for Membership promotions Traci Just visited Southwest Chapter 139 and spoke to the chapter concerning the declining membership of ASHRAE world wide. While the exact reason for declining membership is not apparent. There is a definite trend. Let's try and be above the average and show an increase in our local chapter membership

Resource Corner

Brian Mumme

After a couple of months of hard work Brian took the month of December off from writing an article for this months newsletter. With CRC and then the Golf tournament the time off is well deserved. We

can't wait to hear what Brian has in store for us next month.

ASHRAE Winter Meeting

ASHRAE Winter Meeting "Word Bites"

If you are a Principal in an HVAC Engineering Firm, HVAC Contracting or Service Firm, or a Manufacturers Representation Organization...Plan NOW!

Now is the time to start planning an unbelievable educational event for you and your associates – the ASHRAE Winter Meeting and Product AHR Expo, February 5 - 9 is approaching! This will be one of the best chances for you to expose your associates to the outstanding Technical Programs, Seminars, Forums and Paper Presentations offered by experts in our industry! In addition, you and your associates will be able to tour more than one million square feet of HVAC Products on display and talk to manufacturers about applying their products. Where better to learn about what your competition considers their likely advantage? What better opportunity will you have to educate your associates on new applications? What better opportunity will you have to expose your associates to current state-of-the-art and forthcoming trends in our industry? Register for the meeting today at <http://www.ashrae.org/orlando> and they will assist you with hotel accommodations and schedules. In addition, you may contact William M. Dillard at bdillard@msifla.com for any specific information you need to attend this exciting "must see" HVAC Industry event. Don't miss this opportunity when it is so close to your doorstep...start planning TODAY!

ARE YOU READY FOR SOME HOCKEY???

It's that time of year again, time to put on our down coats, gloves, scarves, thermal underwear, etc.... If you haven't put them in permanent storage. Bring the family.
